📇 Profile

Computer science and information technology graduate, enthusiastic about launching my career as a React Developer. With a solid background in coding and problem-solving, I'm eager to apply my knowledge in a professional environment. I'm committed to collaborating effectively within a team to deliver high-quality software solutions, while also seeking opportunities to expand my skill set and contribute positively to the organization's objectives.

💼 Professional Experience

Lis Nepal   12/2023 – 03/2024
Software Intern   Lalitpur, Nepal
- Resolved functionality bugs and CSS issues in the company's
  application, ensuring smooth user experience and visual consistency.
- Contributed to the localization effort by translating the application
  into multiple languages, expanding its accessibility and usability for
  a diverse user base.
- Worked collaboratively in a team of 18 individuals, participating in
  daily stand-ups, sprint planning, and peer code reviews to maintain
  project momentum and quality standards.

Danson Solutions   06/2023 – 09/2023
Frontend Intern   Kathmandu, Nepal
- Developed CRUD (Create, Read, Update, Delete) functionality for the
  company's side website, enhancing user interaction and data management
  capabilities.
- Collaborated closely with a 10-member team, contributing to project
  planning, code reviews, and troubleshooting sessions to ensure timely
  delivery of features.
